- Access from front and back
- Suitable for 20-tray trolleys (not included)
- Ventilated cooling
- Digital controller and temperature display
- Automatic defrost
- Climate class 5 for high performance in warm surroundings

### Roll-Through Cooler for professional kitchens

The TEFCOLD RTC Roll-Through Cooler is designed with efficiency and convenience in mind. Crafted from durable SS304 stainless steel, this ventilated cooling solution is designed to keep your prepared meals and dishes fresh and ready to serve. Ideal for event venues, buffet areas, bakeries, and cafeterias, this model can accommodate 2 x GN2/1 or 2 x 600x400mm or 4 x GN1/1 20-tray trolleys with ease (sold separately). Doors on both sides of the cabinet provide effortless access, for instance between the kitchen and the serving area. Upgrade your horeca operation with the TEFCOLD RTC Roll-through Cabinet, the ultimate roll-in cooler for the professional kitchen.
