

BA11H

Backbar Cooler

Product Features

- EU Energy Class A
- App. 59% more energy efficient than previous BA-range
- Double glazed tempered glass
- Reversible glass door
- Ventilated cooling for fast pull-down and even temperature
- Easy access electronic thermostat
- Adjustable shelves
- LED interior light
- Lock

High-quality backbar with low energy consumption

The BA is our range of high-quality backbars. It has been updated and now uses in average 59% less energy compared to the previous models from the same range. This backbar has ventilated cooling for a short pull-down time to ensure that you can keep up with customer demand for cold beverages. If you need to adjust the temperature this is easily done on the electronic thermostat.

The backbar cooler is made of solid materials and has adjustable chrome shelves with closely-spaced wires, which gives you a high capacity and stability. Furthermore, it has a reversible aluminium door with double glazed tempered glass. This helps save energy, but it also means a great product visibility.

Measures and Content

Total Display Area	m ²	0.37
Temperature Range	°C	+2 to +10
Climate Class		4
Net Volume	l	118
Gross Volume	l	128
