Input Power	W	1100
Voltage / Frequency	V/Hz	220-240/50
Noise Level	dB(A)	60
Dimensions		
External Dimension (WxDxH)	mm	1500 x 2400 x 2200
Internal Dimension (WxDxH)	mm	1260 x 2160 x 1960
Packed Dimension (WxDxH)	mm	2200 x 1900 x 2400
40ft Container Load	pcs	10

Strong handle

Shelf as accessory

TEFCOLD freezer rooms are a perfect plug-in solution with quick and easy assemble.

The cooling unit comes completely pre-mounted on a panel and does not require extra expert knowledge. The interchangeable modular panels allow different positioning of both the cooling unit and the panel with the door.

The freezer room can be used in both restaurants, delis, cafes etc. They are a great way to create optimal and efficient cooling space at a very affordable price.

We offer a selection of sizes to fit most situations.The rooms are available as both cooler and freezer options and shelving is available as an option. A ramp is also available as an option to provide easy access with lightweight trolleys and bakery racks (the freezer room is not suitable for pallet jacks/pallet trucks).

Our range of cold rooms and freezer rooms have a low energy consumption due to the effective polyurethane insulation in the panels combined with an energy efficient cooling system.

Not suitable for outdoor use.
