Chest freezer with illuminated canopy

The IDC range is a compact display chest freezer in an elegant design. It has curved corners, rounded edges and curved sliding glass lids.

It is a very stable and solid build, but at the same time on wheels so that it is easy to change location in the shop.

The IDC-range is with a lower front than back and curved sliding glass lids. Both features provides a better visual display and presentation of the content. This makes the freezer ideal for display of frozen food including ice cream and lollies. Temperature can be held around -14°C for ice cream or around -21°C for other frozen foods. Baskets are included
