Modern display chest freezer

The IDB glass lid display freezer offers a solid construction with an alu frame to the front and back. The slightly curved glass sliding lids come with sturdy black handles that double as the ends of the top frame, sealing the chest freezer nicely and preventing air slipping in and out. It has an amazing interior LED lighting located at the front for highlighting your frozen goods, and it comes with a full set of baskets and a scanner profile as standard. It is mounted on castors for mobility.
