880 mm deep multideck cooler with doors

With this full glass door multideck cooler, you get a gorgeous design combined with an energy efficient cooling system. The frameless full vision glass doors allow for great visibility of the products inside. Vertical LED lights run down the inside of each wall, which combined with horizontal LED lighting across the top give excellent illumination and make the contents stand out. The shelves can be tilted to optimize product presentation. Multiplexing kits are available as accessories, so you can create uninterrupted lines throughout your store. As a result of a carefully designed refrigeration system and optimal airflow through the cooler, this cabinet has an outstanding low energy consumption and an impressive EU energy rating.
