Refrigerated display counter with curved glass front and

The LPD is our high-quality range of refrigerated display counters. It is made of quality materials and has key features such as an anti-mist front, double glazed glass to reduce energy consumption and running costs, and LED lights under each of the frosted glass shelves. The refrigerated glass counter has an efficient ventilated cooling system that keeps food, pastries, and cakes looking fresh, while sliding doors to the rear allow easy loading and serving. The LPD range is available in several sizes and also in a model with a flat glass front.
