- Stainless steel cabinet
- Fan assisted cooling

### Gastronorm saladette counter for professional kitchens

With the SA saladette counter, you have everything needed for professional meal prep within easy reach. Fill the open top with GN pans (not included) and use the GN1/1 cupboards with wire shelves for chilled storage. If you prefer, it is also possible to install GN drawers instead. This model comes with a glass top which makes it ideal for serving settings, for instance in a sandwich shop where customers can see and choose from a number of fillings.

The worktop is crafted from durable plastic, while the cabinet itself is constructed from high-quality SS304 stainless steel for long-lasting performance and easy maintenance. The temperature is easily adjustable with a digital controller.

#### Measures and Content

Temperature Range	°C	+2 to +10
Net Volume	l	225
Gross Volume	l	260
Gross / Net Volume	l	260 / 225
Gross / Net Weight	kg	77 / 67
